

# Closed Recirculating Cooling System Questionnaire

## System Report

Customer: .....

Factory type: .....

Cooling (heating) capacity (Kcal/h or Btu/h or Cooling Tons): .....

Make up water source: .....

Make up water treatment: ..... Daily consumption: .....

Total water volume (m<sup>3</sup>): ..... Recirculating rate (m<sup>3</sup>/h): .....

Operating conditions (hours per day, days per week): .....

Recirculating water temperature (°C): .....

Skin temperature (°C): .....

Sidestream filtration (Yes/No): .....

Construction materials in contact with cooling water: .....

Other:
