

CASE STUDY (016-H-E) **Hotel, Greece**

**Sea Water Desalination Plant of
260 m³/day drinking water**

DATE OF IMPLEMENTATION
2016

PROJECT

TEMAK installed a Sea Water Desalination Plant for production of 260 m³/day of drinking water, at a beautiful two-story hotel with extensive gardens, built in compliance with the local Ionia architecture, atop a green hill, next to the sea.

Since 1980, TEMAK has been at the side of Tourism sector and covering their needs with reliability and consistency, having a full range of certified water treatment products. Thanks to the systems manufacture in Greece and the high expertise of its specialized staff,

TEMAK is able to offer total water treatment solutions, from study and design to manufacture and installation of required systems.

The 750.000 m³/day of clean potable water or water for general uses, produced daily from TEMAK's installed systems in Greece and 26 abroad countries, constitute the proof of our experience and know-how in water treatment.
