

CASE STUDY (018-H-E)

5* Hotels, Greece

Softeners producing 300 m³/day

DATE OF IMPLEMENTATION
2016

PROJECT

At Chania Municipality and in two centrally located 5* hotels, were installed two Softening Systems of capacity 300 m³/day each. The systems were placed in the main water line of the hotels, to provide water for the luxury hotels.

Since 1980, TEMAK has been at the side of Tourism sector and covering their needs with reliability and consistency, having a full range of certified water treatment products.

Thanks to the systems manufacture in Greece and the high expertise of its specialized staff, TEMAK is able to offer total water treatment solutions, from study and design to manufacture and installation of required systems.

The 750.000 m³/day of clean potable water or water for general uses, produced daily from TEMAK's installed systems in Greece and 26 abroad countries, constitute the proof of our experience and know-how in water treatment.
