

CASE STUDY (025-I-E) **Heavy Duty Industry, Oman**

Containerized brackish water desalination system 100 m³/day

DATE OF IMPLEMENTATION
2018

PROJECT

TEMAK S.A. delivered a 100 m³/day containerized brackish water desalination system for a heavy duty industry plant in Oman, for the production of potable water.

Feed Water:
brackish water, 4.000 ppm TDS
Product Water:
potable water, <300 ppm.

Since 1980, TEMAK has been at the side of industrial sector covering its needs with reliability and consistency, having a full range of certified water treatment products.

Thanks to the systems manufacture in Greece and the high expertise of its specialized staff, TEMAK is able to offer total water treatment solutions, from study and design to manufacture and installation of required systems.

The 750.000 m³/day of clean potable water or water for general uses, produced daily from TEMAK's installed systems in Greece and 26 abroad countries, constitute the proof of our experience and know-how in water treatment.
