

CASE STUDY (040-M-En) **Municipality, Greece**

TEMAK WATER KIOSK

DATE OF IMPLEMENTATION
2017

PROJECT

In order to ensure potable water for the residents and visitors and protecting the environment by the reduced use of plastic bottles, more and more islands of the Cyclades and the Dodecanese adopt the solution proposed by TEMAK S.A. to install TEMAK WATER KIOSKS. In 2017, this new application that has been installed in the five following islands embedded an innovative automation that gives the option to the user to pay by card or coins

- Kea (2 X systems 6 m3/ day)
- Amorgos (2 X systems 3 m3/ day)
- Paros (2 systems X 6 m3/ day)
- Nisyros (2 X systems 12 m3/ day)
- Kasos (2 X systems 12 m3/ day).

Since 1980, TEMAK has been at the side of local communities covering their needs with reliability and consistency, having a full range of certified water treatment products.

Thanks to the systems manufacture in Greece and the high expertise of its specialized staff, TEMAK is able to offer total water treatment solutions, from study and design to manufacture and installation of required systems.

The 750.000 m³/day of clean potable water or water for general uses, produced daily from TEMAK's installed systems in Greece and 26 abroad countries, constitute the proof of our experience and know-how in water treatment.
